RESIDENTIAL PRELIMINARY BUDGET PROJECT QUESTIONNAIRE

This questionnaire gives us enough information to prepare a preliminary cabinetry budget from your floor plan, general dimensions, sketches, and photographs - often without an initial site visit.

We are not asking you to field-measure the project for fabrication. We only need enough information to understand the rooms, approximate scope, and design direction.

List every room or area you want included in the preliminary budget

Briefly describe what you want us to build or replace

Are any rooms or items intended to be priced as optional alternates?

2. WHAT WE NEED FROM YOU

Send whatever you already have. Architectural plans are ideal, but a clear hand sketch and good photographs are enough for many preliminary budgets.

BASIC FLOOR PLAN OR DRAWING

Architectural floor plan

Clear hand-drawn floor plan

Cabinet drawing or elevation

Builder's marked-up plan

Interior designer sketch

No drawing available yet

The drawing only needs to show the general room layout, approximate wall lengths, and major openings such as doors and windows. It does not need outlet locations, utility dimensions, or fabrication-level measurements.

Plan / drawing date

Revision date, if any

Which plan pages or drawing files should we use?

PHOTOGRAPHS & INSPIRATION

Existing room photographs

Inspiration photos

Wide photo from each side of the room

Photos of details you want to repeat

Sketches of requested cabinetry

Photos of problems you want to solve

Name or describe the sketches and inspiration photos we should reference

Anything shown in the plans or photos that is no longer accurate?

DIMENSIONS NEEDED FOR PRELIMINARY PRICING

Please include approximate dimensions for:

- The walls where cabinetry will be located
- The cabinetry you want us to price
